MORE ABOUT THE MUSICAL

ArtsPower’s musical, JIGSAW JONES, features a cast of four professional actors, one of whom doubles, or plays two roles in the show. There are seven musical numbers in the show. The actors sing live to a professionally-written and recorded orchestration on CD that is operated by a stage manager who is also responsible for making sure the show and the tour run smoothly.

Greg Gunning, ArtsPower’s Artistic Director, adapted the book into a musical, wrote the lyrics, and directed the show’s world premiere. Composer Richard DeRosa wrote, orchestrated, and recorded the soundtrack.
The Author

Author James Preller, a self-proclaimed “kid who never grew up,” is the author of the Jigsaw Jones series of books. Born in 1961, James grew up in Wantaugh, Long Island drawing pictures and making homemade comic books that he sold to friends.

James has written over 80 books but is probably best known for writing the Jigsaw Jones mystery series. Currently, he is finishing a book entitled “Bystander,” which deals with bullying in middle school. James lives in Delmar, New York with his wife Lisa, their three children, two cats, and a dog named Daisy.

Key Evidence

In 2008, ArtsPower decided to create a musical based on James Preller’s book, Jigsaw Jones: The Case of the Class Clown. The show opened in October 2009. James not only agreed to let ArtsPower produce the musical but also allowed the playwright to make some changes and additions in order to adapt the book for the stage.

Here are the key people who are involved in creating a professional musical theatre production:

- The playwright writes the dialogue and lyrics.
- The composer writes the music.
- The orchestrator adapts the composer’s music for orchestral instruments so that it can be recorded as accompaniment for singing and as a sound track for scenes and scene changes.
- The actors audition for parts and memorize lines and songs. In ArtsPower productions, they are also responsible for moving sets and props during the show.
- The designers create sets, costumes, and lighting.
- The director creates an overall vision for the show, rehearses the actors, and makes artistic decisions about the production.
- The stage manager oversees all of the backstage elements of the production, drives the company van, and is responsible for the safety and well-being of the actors. The stage manager is also the primary point of contact for those people who present the show in their theatre or school.
- The producers manage all aspects of ArtsPower’s production, raise money, set and maintain budgets, and manage the entire organization.

Learning Activity

Before the show...

1. Read the book and discuss its plot, characters, and themes (friendship, perseverance, conflict resolution, and problem solving).
2. Talk about how the musical you will see might be a bit different than the book. Can the students identify possible differences between a book and a stage play?
3. Discuss how we sometimes judge other people. Are there people to whom we are more loyal—family members or friends, for example—and might give the benefit of the doubt if a problem arises?
**HOW DETECTIVES DO THEIR WORK**

When real detectives do criminal investigations, they must use their skills and training to figure out what happened in the case. They do this by:

1. **Looking at the evidence:** What is there that the detective can see? Are there things he/she cannot see that might be important to the investigation?

2. **Interviewing suspects:** Who are the people considered to be suspects in the case? Were there any witnesses who saw what happened? Have the witnesses spoken to anyone else about the case? If so, what did they say?

3. **Doing research:** Perhaps the crime scene can provide more clues that will help the detective figure out what happened there. Maybe the detective has to go undercover to better observe the crime scene or the suspects believed to be involved.

4. **Coming to a conclusion:** Based on the facts discovered during the investigation, the detective can make a final judgment about what he/she thought happened.

---

**DECODING THE LANGUAGE**

You will hear some of the following words during the play. They are important terms that detectives use in doing their work to solve cases. Review them before reading “How Detectives Do Their Work” in the next column.

**Case** — a situation that needs action to be taken

**Client** — someone who hires a detective

**Clue** — a hint that helps a person solve a mystery

**Conclusion** — a final decision

**Detective** — a person whose business is solving crimes by identifying the truth in a case and gathering information that is not easy to get

**Evidence** — things that help reveal the truth in a case including materials and conversations with witnesses

**Investigation** — the study and examination of a case

**Prank** — a playful or mischievous act

**Research** — careful study and discovery for the purpose of gaining more knowledge about something

**Suspect** — someone who is thought to be involved in a crime

**Undercover** — acting in secret, like a spy

**Witness** — someone who sees something and is able to report on it

Now—in solving crimes, detectives need stuff like...my detective journal. In here, I write down: the name of the case, suspects, clues...Oh, and this, my “Detective Kit.” In here are all sorts of cool things.

**************************************************************************

JIGSAW JONES
I needed to let Mila know so I gave her a secret coded message after school. I used substitution code—you know—substitute a number for a letter of the alphabet, like the number one is “A,” number two is “B.” Mila loved coded messages.

**************************************************************************

JIGSAW
Okay—let’s start with the clues.

MILA
Athena’s gym socks.

JIGSAW
Whoever did this had to be able to get into her gym bag.

MILA
Right.

JIGSAW
And where’s our stuff stored?

MILA
The cubbies in the cloak room.

JIGSAW
Right.

MILA
But no one’s allowed back there alone.

JIGSAW
Except the person assigned to the neatness of the cubbies.

MILA
That’s right!

JIGSAW
So we need to find out who’s been assigned ‘cubby patrol’ this week.

MILA
I can do that.

Be a Detective

How keen a detective can you be? Here are some riddles that require you to consider your evidence before you come to your conclusion.

1. A man and his son were in a car accident. The man and the boy were taken to different hospitals. When the boy went into surgery, the surgeon said, “I can't operate, for that's my son!” How is this possible?
2. What sneaks through doors and windows without knocking? What heats an unlit stove? What gives the cat a snug place to rest?
3. Billy turns off the light in his bedroom. The light switch is twenty feet from the bed, but he still manages to get into his bed before it is dark. How does he do it?
Behind the Scenes

**JIGSAW JONES** is brought to you by ArtsPower National Touring Theatre, a nonprofit theatre company based in New Jersey. Why is ArtsPower called a national touring theatre?

The actors and a stage manager:

- present performances all over the United States and travel together in a large van with their luggage, sets, and sound system.
- pack the set, costumes, lights, and equipment in a van.
- take care of costumes and props.
- stay in hotels and eat all of their meals in restaurants when they travel.
- present as many as 10 performances in 10 different places in a week.

No play is complete without the audience — you! Here are directions for playing your part:

- Watch closely.
- Think about how actors change their voices, body movements, and costumes when they double, or change characters.
- Listen carefully to the dialogue, lyrics, and music.
- Laugh or applaud if you enjoy the play.
- Remember that you and the actors are in the same room.
- Talking, whispering, or making noise during the performance is impolite and makes it hard for actors to do their best.
- Help other audience members with your quiet attention.
