

# Corporate Partner Program

At Lebanon Opera House, we are wielding the transformative power of the performing arts to redefine what it means to help our community. At their best, the arts combat isolation, create a more empathetic community, and inspire self-expression. We believe that a flourishing artistic community not only enriches the quality of life but also yields tangible benefits for local businesses by enhancing their capacity to attract and retain talented employees.

Your business can support this community-centric vision by investing in an annual corporate partnership. Such support plays a pivotal role in nurturing the vibrant sense of community that the Upper Valley embodies.

“Mascoma Bank partners with LOH to build one of the best aspects of Upper Valley life: community. When the Bank wanted to screen a free movie, working with LOH was an obvious choice. It was just one example of how community banks, nonprofit organizations, and civic-minded leaders can create memorable moments for people in our backyard.”

—Jim Larrick, CFO, Mascoma Bank  
10+ year LOH Corporate Partner

## LOH & Nexus Together in One Partnership Package

Your sponsorship of LOH kicks off with the annual Nexus Music and Arts Festival and continues throughout the entire season. You'll support our mission to deliver transformative performing arts experiences, get continuous exposure for your brand, and help make the Upper Valley a more dynamic and satisfying place to call home.

### Nexus Festival – August 9-11

Back for a fourth year, Nexus is the embodiment of everything LOH stands for. This free, three-day festival brings our whole community together to celebrate the arts with live music, food, public art, and more. Each LOH Corporate Partner plays a key role and gets meaningful exposure throughout the festival.

### Performances at LOH

Corporate Partners also get continual exposure to LOH's audience throughout the year. Depending on your level of support, you'll receive free performance tickets, advertising, links from our website, social media attention, and more.

"[Sasha Velour] took us all by surprise [with] how poignant, educational, and wildly entertaining their performance was. Everyone I have talked to felt it greatly exceeded expectations, and more than one person said the show brought them to tears it was so touching. Several people, including myself, felt it was the best live performance they had ever seen. I for one am so proud Adimab had a role in sponsoring this performance."

—Amber, Scientist, Adimab  
3 year LOH Corporate Partner

## LOH & the Business Community: Let's Make Beautiful Music Together
