

Supporting the Arts = Happy & Engaged Employees & Customers

Over the last 100 years, Lebanon Opera House has evolved from meeting house to movie house to an active, year-round, performing arts hub. Today, LOH is a multi-faceted community resource for the entire Upper Valley – a cultural, educational, and economic engine connecting artists and audiences, making it possible for all to experience the transformative power of the performing arts.

As a nonprofit, LOH relies on the generous support of local and regional businesses whose support accounts for 11% of our annual revenue. Show your support today and in return, your business will:
